**Re: Help Us Build an Inclusive Playground**

We're thrilled to share that a local philanthropic organization has pledged \$20,000 to our playground project. Now, we need your help to raise the remaining funds. With your contribution, you'll help create a vibrant and inclusive welcoming space for our diverse community of over 600 students.

The playground enhancements will include:

- An accessible swing
- A climbing apparatus
- Nature-based elements and play structures

We have received quotes from three companies and will be making a decision shortly on which Canadian company will help us to make bring these inclusive and accessible elements to life.

**You can help by making a donation at [School Cash Online](#) or scanning this QR Code:**

Your donation will directly impact our project's success. Additionally, you will receive a tax receipt for your generous contribution. By supporting us, you exemplify our shared values of empathy, kindness, and respect, making a real difference in our students' lives.

With a vision of "You Belong Here," we strive to create an environment where every student feels a strong sense of belonging and purpose.

Thank you for considering this opportunity to contribute to our community's inclusivity and diversity. Together, we can make a difference and build a playground where everyone feels welcome.

Sincerely, on Behalf of the Spencer Community,

*Spencer PAC*
